Re: Louisville Gas and Electric Company and Kentucky Utilities Company
Petition for Confidential Protection received 3/15/10
PSC Reference #: 2009-00548 and 2009-00549

Dear Ms. Sturgeon:

The Public Service Commission has received the Petition for Confidential Protection you filed on March 15, 2010 on behalf of Louisville Gas and Electric Company ("LG&E") and Kentucky Utilities Company ("KU") to protect certain information filed with the Commission as confidential pursuant to Section 7 of 807 KAR 5:001 and KRS 61.878. The information you seek to have treated as confidential is identified as being contained in LG&E and KU's Responses to Attorney General Data Request Nos. 1(a), 15, 40, 42-45, 51, 57, 58, 64, 75, 126, 148, 181, 185 and 215; and LG&E's Response to Data Request No. 281. The information is more particularly described as (1a) – "Customer Care System"; (No. 15) – labor negotiations with unions; (No. 40) – personal phone contact information; (Nos. 42-45, 51, 57, 58, 64 and 75) – state and federal income tax returns; (No. 126) – list by customer and amount of accounts written off; (No. 148 and No. 215) – bank account information and routing numbers; (No. 181 and No. 185) – presentations and communications with Bond-Credit Rating Agencies.

Your justification for having the Commission handle this material as confidential is that the public disclosure of the information would compromise LG&E and KU's competitive position in the industry, which would result in an unfair commercial advantage to their competitors, and disclosure of personal information, would result in an unwarranted invasion of personal privacy.

Based on a review of the information and pursuant to KRS 61.878 and 807 KAR 5:001, Section 7, the Commission has determined that the information requested to be held

confidential is of a proprietary nature, which if publicly disclosed would permit an unfair commercial advantage to LG&E and KU's competitors, and disclosure of personal information, would result in an unwarranted invasion of personal privacy. Therefore, the information requested to be treated as confidential **meets the criteria for confidential protection** and will be maintained as a nonpublic part of the Commission's file in this case. The procedure for usage of confidential materials during formal proceedings may be found at Section 7(8) of 807 KAR 5:001.

If the information becomes publicly available or no longer warrants confidential treatment, Louisville Gas and Electric Company and Kentucky Utilities Company are required by Section 8(9)(a) of KAR 5:001 to inform the Commission so that the information may be placed in the public record.

Sincerely,

Jeff Derouen
Executive Director
